

FOR IMMEDIATE RELEASE
ABnote North America Introduces New Web Site

Boston, Massachusetts, August 31, 2009 – ABnote North America, the leading secure plastic and document printer in North America, has launched its new web site, located at www.ABnoteNA.com.

The new web site consolidates information from the former Arthur Blank, Keystone Plastics, and American Banknote Company brands, and will eventually be replacing those sites. The new site is primarily designed as resource for customers to provide them with comprehensive and up-to-date information on products and services, news, articles, pre-press guidelines, equipment lists, tradeshow schedules and more.

Jake Jacobs, executive vice-president of Sales and Marketing says “The new web site for ABnote North America provides customers with quick and easy access to information about ABnote’s capabilities and also provides customers with a convenient way to contact us. Look for additional content, features and tools to be added in the near future to help provide even better service to our customers.”
